

Autumn in Year 5

English

This term we will use the book *Alice in Wonderland* to write instructions for how to bake jam tarts for the queen and write a character description of Alice and how this changes through her journey through Wonderland.

We are reading...

Grammar:

brackets

relative clauses

imperative verbs

Maths

This term, we will explore addition and subtraction using numbers up to and including 5-digit numbers. We will use mental and written methods to solve problems.

Science

This topic we will begin our forces topic learning about gravity and friction before investigating the impact of air resistance and water resistance through planning our own investigations.

LUNAR

This term we will learn what made the Romans great. We will learn how Rome was formed and think about the changes that happened in how Rome was ruled. We will learn about the impact the Roman invasion had on Britain.
