

Autumn in Year 5

English

Macbeth

This term our writing will be inspired by Shakespeare's Macbeth. We will be writing: a narrative retelling of key events; a persuasive speech in role as one of the main characters; and a discussion text to consider who was to blame.

We are reading...

Maths

Integers and decimals:

This term we will explore addition and subtraction using numbers up to and including 5-digit numbers. We will use mental and written methods to problem solve, developing our flexibility and efficiency in our strategies.

Science

Earth and Space:

This term we will begin our Forces topic learning about gravity and friction alongside investigating the impact of air and water resistance.

Our grammar focus will be:

- Relative clauses
- Devices to build cohesion within and across paragraphs
- Brackets, dashes or commas for parenthesis

LUNAR

Ancient Rome

This term we will learn about what made the Romans great. We will learn how Rome was formed and think about the changes that happened in how Rome was ruled. We will also learn about the impact the Roman invasion had on Britain.
